Subject Award of the Engineering scholarships of the year 1903

Letter No 3967-9/122 dated the 7th Nov 1903 from the Dfl of Edn in Mysore

Three Engineering scholarships of the value of Rs 30 a month tenable for 3 years from the 1st January 1904, at the Madras Engineering college are available for the year 1903

For these scholarships 7 candidates have applied

	Name	Qualification	why not selected
1	K Narayana Iyengar	BA Physics	Sh during in the Poona College
✓ 2	S H Lakshmanarayya	Do	Selected
	NB Passed the BA Exam in Physics 1st for the Presidency (1st class)		
3	A K Sankaranarayya	Honours of the BA Exam	Not a full graduate
4	M V Narasimhaiyya	BA Physics	Possesses only first class
5	B Srikantaiyya	BA Physics	Selected
	NB stood 1st in Kannada and in English		
6	K T Sridarsana Iyengar	BA Physics	not selected as he is 24 years
7	R K Venkataramanayya	BA History	not a graduate in Mathematics or Physical Science

1 Only graduates (Mathematics or Physical science) are preferred

1 The Mysore scholarships are tenable in the Madras Engineering College

Of the above seven candidates only two have been selected viz No 2 (S H Lakshminarasappa BA) and No 5 (B Sreekantayya BA) Mr Bhabha recommends that each of them maybe granted each a scholarship of Rs 30

It is usual that they should submit his proposals for the award of the scholarships to Government after consulting the Chief Engineer as to the candidates selected

Mr Bhabha says that this has not yet been done and that the Chief Engineer has been written to on the subject Mr Bhabha says that he has no doubt that the Chief Engineer will confirm the choice of the above two candidates as they are by far the best

If the two candidates are granted a scholarship each, one out of the three scholarships will still be available

Mr Bhabha requests for an early order as the admission Exams of the Engineering College commences on the 15th Instant

It is not clear why Mr Bhabha

Should send her proposals at the
rate of time and press Govt for
early orders. All candidates should have submitted
their applications within the 29th June 03
In the present case the
Chief Engineer has evidently not
been consulted yet though the applications
with one exception were all received
in June last

SIR,

I have the honour to forward herewith an extract from the Register of applications for the Engineering scholarships of this year. Of the 9 applicants No 3 has not passed the B A Examination in all branches, No 1 has joined the Poona College, No 4 is described to have only fair abilities, No 6 is already 24 years old, and No 7 has passed the B A. Examination in History. I recommend therefore that Engineering scholarships of Rs 30 each tenable for 3 years from 1st January 1904 in the Madras Engineering College may be granted to the

the two following candidates bearing Nos 2 and 5 who have passed with distinction the B A Degree Examination.

S H Lakshmunarasappa B.A.
B.M Srikantaiya B A

The Chief Engineer who is away has been written to on the subject and I have no doubt he will confirm the choice of the above two candidates as they are by far the best His reply will be communicated later on to you, as he is not in Bangalore.

An early reply will oblige me as the admission examination of the Engineering College commences on the 15th Instant

I have the honour to be,
Sir

Most Respected Sir

I most respectfully beg to inform you that I am a student from Bangalore undergoing the second years course for the B E degree Examination at the College of Engineering Madras

About the 1st of February this year I wrote an application to the Inspector-General of Education in Mysore requesting him to grant me an Engineering scholarship I was informed that I had been recommended to the Government for the scholarship -

I now beg to bring to your kind consideration that I am at present in very straitened circumstances and so I earnestly pray for the early sanction of the scholarship

I beg to remain,
Most Respected Sir
